SUMMARY

Frontend Developer with **2+ years** of experience building production-ready web applications using **React** and **Next.js**. Developed **60+ screens** across fintech portals and client projects, including dashboards, authentication systems, and payment workflows. Skilled in **state management, API integration, performance optimization**, and delivering responsive UI solutions on schedule.

TECHNICAL SKILLS

Core: React.js, Next.js (App/Pages Router), JavaScript, Redux, Context API, Server Actions

Performance: Hooks, Code Splitting, Lazy Loading, Memoization, Performance Optimization, SEO

State/Data: Redux Toolkit, React Query, REST APIs, Axios, Formik/Yup

UI: Material UI, Tailwind CSS, Responsive Design, Figma

PROFESSIONAL EXPERIENCE

Software Developer
Apr 2025 – Present

SecurePay — *Dehradun, India*

- Developed **4 production fintech portals** (PayIn, PayOut, Transaction Gateway, Website) with 60+ screens using Next.js App Router and Server Components
- Built payment gateway integrating UPI, Cards, and Net Banking with form validation and error handling
- Designed 6-step merchant onboarding workflow integrating **Signzy** APIs, reducing verification time by **75%**

Frontend Developer
Feb 2024 – Oct 2024

BucleLabs Pvt Ltd — *Gurugram, India*

- Delivered **5 client applications** using Redux Toolkit for centralized state management and scalable component architecture.
- Translated 80+ Figma designs into responsive components using **React.js**, **Next.js**, **Tailwind CSS** and **Material UI**
- Collaborated in Agile sprints with **Git** workflows across 3 projects, ensuring zero merge conflicts

KEY PROJECTS

SecurePay Portal (PayIn & PayOut)
Next.js, React.js, Redux Toolkit, Material UI

- Built 60+ production screens implementing secure authentication, OTP verification, and transaction dashboards.
- Architected role-based access control for Maker-Checker, Super Admin, and Merchant user roles

SecurePay Transaction Gateway
Next.js, React.js, Material UI, Tailwind CSS

- Implemented 3-step checkout flow with UPI intent, card input validation, and net banking selection
- Deployed secure checkout with form validation, error handling, and real-time status feedback

SecurePay Website
Next.js, React.js, Material UI, Tailwind CSS

- Built a corporate website using Next.js with responsive design, reusable components, and Framer Motion animations.
- Implemented Contact Us module with validation and backend API integration for secure inquiry submission.

EDUCATION

Bachelor of Computer Application
2019 – 2023

Indira Gandhi National Open University — *New Delhi*
